

World Food Day 2018:

Objective:

World Food Day: World Food Day is a day of action dedicated to tackling global hunger. Held annually on 16th October, people from around the world come together to declare their commitment to eradicate worldwide hunger from our lifetime.

Celebrating the creation of the Food and Agriculture Organization (FAO), events are organized in over 150 countries across the world, making it one of the most celebrated days of the UN calendar. These events promote worldwide awareness and action for those who suffer from hunger and for the need to ensure food security and nutritious diets for all. The focus of the day is that food is a basic and fundamental human right. Yet, in a world of billions, 805 million people worldwide live with chronic hunger, 60% women and almost five million children under the age of five die of malnutrition-related causes every day.

Activities:

- **Students will be informed about fact related to hunger.**
 - Secondary: On 8/10/18 every day a new fact will be displayed at the entrance
 - High School: Every day the students will receive a message in their Google Classroom which will display a fact about hunger
- **Information session:**
 - Secondary: Students will receive lesson about World Food Day, This during their biology, history or personal skills class. The information comes from the official brochure provided by the UN, and will be adapted to the subject by teacher and AC.
 - High School: Students will receive lesson about World Food Day, This during their biology, ethics or geography class. The information comes from the official brochure provided by the UN, and will be adapted to the subject by teacher and AC.
- **Poster Challenge:** Students will create a poster which includes a visual message related to World Food Day. The posters will be displayed during the 16/10/2018 in each department.
 - The three best posters of each classroom will be competing in the official World Food Day contest.
